LGBTI PEOPLE AND AGED CARE

The National LGBTI Ageing & Aged Care Training Project

ENROL
FOR A FREE
TRAINING
COURSE

Delivered by LGBTI aged care specialist GRAI, these training sessions will promote a better understanding of the needs of LGBTI people, and increase the confidence of aged care staff to deliver an inclusive, best practice service.

This training is funded by the Commonwealth Department of Health as part of the National LGBTI Ageing and Aged Care Training Project, and is subsidised for those working in the aged care sector.

These workshops will:

- Increase awareness and understanding of LGBTI clients and support the delivery of culturally safe and welcoming services to LGBTI elders.
- Assist your organisation to provide LGBTI inclusive care and comply with legal obligations under the Aged Care Act and the Equal Opportunities Act.

Did you know?

- There are approximately 34,000 LGBTI older adults in WA: the largest special needs group requiring aged care services.
- Lack of positive recognition for LGBTI elders can cause stress and poor care outcomes.

This training is suitable for:

Managers, front line workers and health professionals in the aged care sector, including, residential facilities, retirement villages, community care providers and all services engaging with older members of the community.

Training program:

FULL DAY (9am-4pm)
Tuesday 17th May 2022
